Allowed claims: 22-25, 27, 29-43, 45, 47-52

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103.

Specifically in reference to independent claim 22, none of the prior art either alone or in combination disclose or teach of a hydrogel contact lens as disclosed above specifically wherein the monomer modified with at least one amino acid is copolymerized with a main chain or a side chain of the base material of the contact lens or both.

Specifically in reference to independent claim 48, none of the prior art either alone or in combination disclose or teach of a hydrogel contact lens as disclosed above specifically wherein the betaine is at least one of a sulfobetaine and a carboxybetaine chosen to form a block-free copolymer with the base material.

Specifically in reference to independent claim 38, none of the prior art either alone or in combination disclose or teach of a method of making a polymer for a hydrogel contact lens as disclosed above specifically wherein the material initially is polymerized into a block-shape for approximately 1 to 3 days at a controlled temperature and the individual contact lenses are then machined out of the block material.

Specifically in reference to independent claim 51, none of the prior art either alone or in combination disclose or teach of a method of making a polymer for a hydrogel contact lens as disclosed above specifically wherein the up to 20% glycerin is added for the polymerization step.
